

Mountain Lakes High School

Dear MLHS Community,

I cannot tell you how excited we are at Mountain Lakes High School for the start of our Fall athletic season. We hope you and your family are well and athletics can help return some normalcy to our daily lives. We are extremely fortunate to be in a position to run a fall athletic season. This is a tribute to our coaches, athletic trainer, nurses, athletes and families who adhered to proper protocols during our voluntary summer workouts and preseason. Thank you all for your assistance and hard work with this process.

For those of you that are accustomed to a typical NJ High school athletic season this will be unlike any other. However, the benefits taught in athletics remain: sportsmanship, teamwork perseverance and comradery are life lessons just as they have been taught in the past. We are very fortunate to embark on this season when other states and districts have decided otherwise.

Please access the district website under the athletic page to access all schedules, also you can download activity scheduler from your iPhone or Droid device. Schedules are fluid and could change, in this case your daughter/son's coach will provide specific information as the season progresses.

Just a reminder it is expected that student-athletes fill out COVID questionnaire/ wear a mask when checking into each practice/game and at the end of practice/game, provide their own water/hydration drink, bring hand sanitizer for themselves, and maintain social distancing prior to and after the practice/game.
